

Stormberg AS

- project info

Project: Stormberg AS, Kristiansand
Sector: Wholesaler in sportswear
Product: P90 Racking
Storage of: Cartons on pallets
Month / year: 2007
Completed by: Constructor Norge AS

Stormberg keep their sportswear in cartons. While the warehouse had to be exploited as good as possible, the installation also had to be operated by many workers simultaneously.

Solution:

The solution was P90 Racking, used in the whole length of the warehouse. Access to all the racking was given by tunnel guards and tunnel guard support.

Capacities:	Pallet places:	2089 pallets
	Length:	20 meters
	Height:	7 meters
	Pallets in the height:	4/7 pallets

Tunnel guard incl. labeling and Protect-it upright protection.

Aisle.

Tunnel guard support - efficient securing of people.
