

Strømmes Reklame AS

- project info

Project: Strømmes Reklame AS, Kristiansand
Sector: Advertising articles - wholesaler
Product: MOVO - mobiles
Storage of: Cartons on pallets
Month / year: 2007
Completed by: Constructor Norge AS

Due to extraordinary development in Strømmes Reklame, they needed more pallet places in the existing building. The store was already provided with traditional stationary racking.

Solution:

The solution was MOVO - mobile racking. The length, width and height in the warehouse was effectively exploited to satisfy the need for more pallet places. The number of pallet places increased 70%.

Capacities: Pallet places: 1616 pallets
Length of trolley: 33,5 meters
Height: 6,5 meters
Pallets in the height: 4 pallets

↑ →
All trolleys are labelled to make it easy to find the correct location.
